Index

SOCIAL BIOLOGY

Volume 16, 1969

Abnormal Sexual Development. A Genetic and Endocrine Approach to Differential Diagnosis, 54
Abortion: attitudes toward (abs.), 141
Aita, John A., 306
Alland, Alexander, 219
Annual Review of Genetics, 230
Appalachian Fertility Decline. A Demographic and Sociological Analysis, 312
Ashley Montagu, M. F., 302

Biological Basis of Medicine, The, 309
Biologic Basis of Schizophrenia, The, 56
Bittar, E. E., 309
Bittar, N., 309
Blood groups: Duffy locus in Chromosome One (abs.), 139; in Klinefelter's syndrome (abs.), 164
Bogue, Donald J., 294
Brace, C. L.: model of, 11, 12
Brøgger, Anton, 131
Bromberg, Walter, 304

CANCER: deaths in sibs of affected children (abs.), 64; racial variation in, 72, 76
Case for Legalized Abortion Now, The, 136
Caste: history of, 87, 88, 204; related to color blindness, 204
Census: underenumeration of teenage males, 109; compared with Selective Service registrations, 110–111, 113
Childspacing: recent trends in (abs.), 140
Chromosomes: association of satellited (abs.), 235; and LSD (abs.), 236; and autoradiographic identification (abs.), 236
Clegg, E. J., 134
Clinical Genetics in Psychiatry. Problems in Nosological Classification, 225–226
Coital frequency: consistency of reporting of, 3; and rhythm method, 5; related to oral contraception, 5–6; and ovulatory cycle, 8; differences in, 7–8
Color blindness: and reduced selection, 20, 197, 200, 201; advantages and disadvantages of, 198; types of, 198, 199; tests for, 199; population differences in, 200–201; in rural, urban, and tribal populations, 203, 205, 206; selection intensities for, 206–208; and genetic drift, 208
Conception: probability of, 9; intervals, 24–28
Congenital Facial Anomalies with Neurologic Defects, 306
Consanguinity: *See* Inbreeding.
Contraception: effectiveness related to parity, 25; fecundability of users and nonusers of, 39–43
—oral: effects of, 1; and coital frequency, 1–2, 3–4, 5; and time required to conceive, 6–7; experience with in the United States (abs.), 66. *See also* Family Planning.
Coppen, Alec, 295
Cowie, John, 308
Cowie, Valerie, 308
Cystic Fibrosis: reproductive failure in males with (abs.), 65

DEMOGRAPHY: and illegitimate births, 92–108; of Parsis, 126–127; of Juruna Indians, 213
Diabetes: heritability of (abs.), 235
Disease: and evolution, 69; among whites and nonwhites, 71, 72, 73; racial and ethnic frequencies of, 74, 75; and demographic variables, 76; and population immunities, 77; and genetic constitution, 78, 79; experimental attack on genetic bases of (abs.), 316
De Jong, Gordon F., 312
Delinquency in Girls, 308
Divorce: differentials in, in Maryland (abs.), 316
Double Helix, The: A Personal Account of the Discovery of the Structure of DNA, 299
Down's syndrome: mortality of infants with, 290
Drosophila: and selection, 18, 315
Ductus arteriosus: risk to offspring of patients with (abs.), 315

EMERY, ALLAN E. H., 137
Etude Démographique de la Nuptialité en Belgique, 226–227
Evolution: vestigial structures in, 11; and mutations, 12, 13, 16; importance of pleiotropy in, 17, 18; and maximum fitness, 18; and selection pressures, 18; structural reduction in, 20; and relaxed selection, 20–21; importance of disease in, 69; in small populations, 143–157; of genotype structure, 150–151
Evolution and Human Behavior, 219
Exploratory Concepts in Muscular Dystrophy and Related Disorders, 52

FAMILY PLANNING: and higher natality, 24; birth intervals in, 24–28; criteria for evaluating programs for, 39; and experimental design, 128; new quarterly publication on, 130; contribution to fertility decline, 167; programs in the United States, 168
—East Pakistan: population reached by, 29; in villages, 30–31; and socioeconomic status, 31; of cooperative members, 32–33; by family types, 33; and religion, 34–35; by wife's age, 35; and number of living children, 36–37; success of programs for, 37
—India: variables related to, 44; and ideal family size, 45; effect of education on, 45–46, 47, 48; and urbanization, 48
—Louisiana: criteria for program, 169; related to socioeconomic status, 169–170; program de-

Ductus arteriosus: risk to offspring of patients with (abs.), 315

EMERY, ALLAN E. H., 137
Etude Démographique de la Nuptialité en Belgique, 226–227
Evolution: vestigial structures in, 11; and mutations, 12, 13, 16; importance of pleiotropy in, 17, 18; and maximum fitness, 18; and selection pressures, 18; structural reduction in, 20; and relaxed selection, 20–21; importance of disease in, 69; in small populations, 143–157; of genotype structure, 150–151
Evolution and Human Behavior, 219
Exploratory Concepts in Muscular Dystrophy and Related Disorders, 52

FAMILY PLANNING: and higher natality, 24; birth intervals in, 24–28; criteria for evaluating programs for, 39; and experimental design, 128; new quarterly publication on, 130; contribution to fertility decline, 167; programs in the United States, 168
—East Pakistan: population reached by, 29; in villages, 30–31; and socioeconomic status, 31; of cooperative members, 32–33; by family types, 33; and religion, 34–35; by wife's age, 35; and number of living children, 36–37; success of programs for, 37
—India: variables related to, 44; and ideal family size, 45; effect of education on, 45–46, 47, 48; and urbanization, 48
—Louisiana: criteria for program, 169; related to socioeconomic status, 169–170; program de-

scribed, 170–171; participants in, 172–173; impact of, 174–175
Family size: in India, 45; relationships among intended, expected, desired, and ideal (abs.), 237
Farber, Seymour M., 132–133
Farmer, Richard N., 310
Fécondité des Populations Congolaises, La, 61
Fecundability: and contraception, 39–43; defined, 39–40; socioeconomic correlates of, in Taiwan (abs.), 318
Federman, Daniell D., 54
Fertility: national surveys of, 1, 2; declines in Hong Kong (abs.), 67; of heterozygotes (abs.), 139; income and differentials in (abs.), 140; and women's work participation (abs.), 141; in Puerto Rico (abs.), 236; in East Pakistan (abs.), 237; policies for control of, 239–242; cost of control of, 242–246; age at marriage as variable in (abs.), 317; of white migrant women (abs.), 317
Firstborn, The. Experiences of Eight American Families, 304
Future of Human Heredity, The. An Introduction to Eugenics in Modern Society, 58

GARN, STANLEY M., 302
Gene structure and evolution, 12; model of action of, 14; loss in mutation, 16; probability of identical, 146; interdependence of, 147–150; variants in normal vision, 201; satellited chromosomes of (abs.), 235; effects of LSD on (abs.), 236
Genetic and Allied Effects of Alkylating Agents, 61
Genetic Counselling. Third Report of the WHO Expert Committee on Human Genetics, 298
Genetic Diversity and Human Behavior, 228–230
Genetic drift: migration matrix model for (abs.), 65; and color blindness, 208; mentioned, 157
Genetic Mosaics and Other Essays, 221–222
Genetics: homeostasis in, 11, 12; directory of services, 49–51; and disease, 78–79, 316; implications of Carthaginian child sacrifice on (abs.), 138; effect of population size reduction on (abs.), 138; and intestinal polyposis (abs.), 139; structure of small populations, 144–146; probability structure in, 145, 146; drift theory of, 157; parameters of (abs.), 235; of red hair (abs.), 316; counseling and Bayesian methods (abs.), 316
Genetics: Biology and Behavior Series, 219–221
Glass, D. C., 21
Guttmacher, Alan F., 136

HALLECK, SEYMOUR L., 304
Handbook of Congenital Malformations: reviewed, 55; correction of criticism of, 216
Hardy, Sir Alister, 300
Hardy-Weinberg law, 143, 145
Hartford, Claire, 304
Heer, David M., 306
Hereditary Factors in Carcinoma, 230–231
Heredity, Disease, and Man: Genetics in Medicine, 137
Hernandez Alvarez, José, 53
Hirsch, Jerry, 57

ILLEGITIMACY: rate, ratio, and level defined, 92, 93, 95, 107; demographic factors in, 93, 94, 96, 107; in Norway, 97–103; in Sweden, 103–106; as national problem, 168
Inbreeding: high rates in India, 86–88; Indian prohibitions against, 81, 89; and congenital defects, 81, 89; coefficient of, defined, 84; in small populations, 155–156; among Juruna Indians, 210; effect on genetic load (abs.), 315
India: *See* Inbreeding, Family Planning, Family Size.
Infant Nutrition in the Subtropics, 297
Intelligence: co-twin comparisons of, 249–251; related to birth weight, 251–255
Introduction to Demography, 227–228
Iraq: nasal deformities in, by age, 192

JELLIFFE, D. B., 297
Juruna Indians: history of, 209; population size, 209–210; inbreeding among, 210; compared to other Brazilian tribes, 211; fertility of, 212–213; mortality of, 123

KALTER, HAROLD, 311
Karlsson, Jon L., 56
Kiser, Clyde, 222
Klinefelter's syndrome: blood groups of patients with (abs.), 164

Lassen sich Mutationen Verhüten?, 223
Learning disabilities: in children (abs.), 64
Lenz, Widukind, 223–224
Living Stream: Evolution and Man, The, 300
Long, John D., 310
Loveless, Anthony, 61
LSD: mouse experiments with (abs.), 236
Lynch, H. T., 134, 230

MALNUTRITION: effect on rats (abs.), 139
Man and Aggression, 218
Marital stability: recent changes in, 158, 159; components of changes in, 159–161; among whites and nonwhites, 162–163; alternative measurements of, 164–165
Mild Mental Retardation: A Growing Challenge to the Physician, 134
Milhorat, A. T., 52
Mitsuda, Hisatoshi, 225
Mongolism, 232–233
Mortality: causes in the United States, 71, 72; of offspring of schizophrenic parents (abs.), 139; of Juruna Indians, 213; in infants with Down's syndrome, 290–291
Mutations: and phenotypes, 12; balance of, 15, 16; loss of gene material in, 16; caused by caffeine in mice (abs.), 315

NAM, CHARLES B., 306
Nasal deformities: ontology and typology of, 180–183; heredity and etiology of, 183–184; population comparisons for, 185–190; criteria for, 190–191; related to malocclusion, 191; by age groups in Iraq, 192
National Fertility Study, 2
National Health Examination Survey, 72, 73
Neuro-genetics: conference on, 130
Neuro-ophthalmology: conference on, 130
Neuropsychiatric and Genetical Investigation of Acute Intermittent Porphyria, A, 59
Nonwhites: percentage of U.S. population, 71; causes of death among, 71, 72, 73; genetic constitution of, 77; marital stability among, 162–163; nasal deformities among, 184, 186, 193

OSBORN, FREDERICK, 58
Ovulation: and coital frequency, 8

PAKISTAN: 1961 census of, 116; differential fertility in (abs.), 237. *See also* Family Planning, Parsis.
Parsis: history of, 115; population by age and sex, 116–117; migration of, 118, in Bombay, 118; birth rates among, 118–119, 125; status of women, 119–120; occupations of, 122–123; marriage and fertility, 123–124; demographic characteristics of, 126–127
Populations: gametic excess in (abs.), 65; and hereditary disease, 69; genetic effects of size reduction (abs.), 138; genetic structure of, 144–146; interdependence of genes in, 147–150; nasal deformities in, 185–190; differentials in color blindness, 200–201, 203, 205, 206; policies for control of, 239–242; tear duct sizes among, 262
Population and Society, 306
Porter, Ruth, 232
Pregnancy: employment during (abs.), 66
Princeton Fertility Study, 2
Principles of Demography, 294
Psychiatric Aspects of Criminology, 304
Psychiatry: critique of causal explanations in (abs.), 235
Puerto Rico: migration status, education, and fertility in (abs.), 236

RACE: and disease, 69, 71, 72, 73; defined, 70, 71; differences in nasal deformities, 193, 195
Readings on Population, 306
Readings on Race, 302
Recent Developments in Affective Disorders, 295
Return Migration to Puerto Rico, 53
Roman, H. L., 230
Romaniuk, Anatole, 61
Rubin, Alan, 55

SELECTION: and gene flow (abs.), 65; for two behavioral traits in *Drosophila* (abs.), 315
—relaxed: model of C. L. Brace, 11, 12; value of model of, 14; gene changes resulting in, 16, 17; in *Drosophila*, 18; genetic homeostasis in, 18; pleiotropy in, 18, 19, 20; nonadaptive orientation toward, 19–20; in human populations, 20–21; and color blindness, 20, 197–201, 203–208; proposed research in, 22; and nasal deformities, 179, 194–195; and tear duct malformations, 268–269
Selective Service: registrations compared to census, 101–111, 113; effects of death and immigration on, 112
Senn, Milton E., 304
Sex Education and the Teenager, 132
Slater, Elliot, 308
Spiegelman, Mortimer, 227
Spuhler, J. N., 228
Standardization of Procedures for the Study of Glucose-6-Phosphate Dehydrogenase, 55
Stern, Curt, 221
Stolnitz, George J., 310
Study of Man, The, 134
Subfecundity: among non-family planners, 24, 28

TEAR DUCTS: sizes of, 262; population differences in, 263–269; asymmetries of, 263–265; variabilities among, 265–267; maladaptation of, 267–268; and relaxed selection, 268–269
Teenage Marriage and Divorce, 133
Teratology of the Central Nervous System: Induced and Spontaneous Malformations of Laboratory, Agricultural, and Domestic Mammals, 311
Topics in Population Genetics, 224–225
Translocation in Human Chromosomes, 131
Trends and Variations in Fertility in the United States, 222–223
Trimat: defined, 144
Twins: discordant for rheumatoid arthritis (abs.), 64; quantitative inheritance of analyzed (abs.), 138; nasal deformities in, 179; birth weight and intelligence among, 251–255

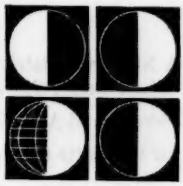
WALK, ALEXANDER, 295
Wallace, Bruce, 224
Watson, James, 299
Wattelar, Christine, 226
Wetterberg, Lennart, 59
Whites: cancer rates of, 72; marital stability among, 162–163; nasal deformities among, 184, 186, 193
WHO Expert Committee on Drug Dependence: Sixteenth Report, 301
Wilson, Roger, 132, 133
Wolstenholme, G. E. W., 232
World Population—The View Ahead, 310
Wunsch, Guillaume, 226

XERODERMA PIGMENTOSUM: investigation of (abs.), 316

Contents

SOCIAL BIOLOGY

Volume 16, 1969



Volume 16 **March 1969** **No. 1**

Oral Contraception, Coital Frequency, and the Time Required to Conceive, *Charles F. Westoff, Larry Bumpass, and Norman B. Ryder* 1

The Effect of Mutations under Conditions of Reduced Selection, *Milford H. Wolpoff* 11

On the Apparent Subfecundity of Non-Family Planners, *Jeanne Clare Ridley, Mindel C. Sheps, Joan W. Lingner, and Jane A. Menken* 24

Factors Related to Knowledge and Practice of Family Planning in East Pakistani Villages, *John Stoeckel and Moqbul A. Choudhury* 29

Relative Fecundability of Users and Nonusers of Contraception, *Anrudh Kumar Jain* 39

Modernization and Attitude Toward Family Size and Family Planning: Analysis of Some Data from India, *Udai Pareek and V. Kothandapani* 44

Communications

International Directory of Genetic Services, *H. T. Lynch, D. Bergsma, A. J. Krush, and E. Sharp* 49

Book Reviews

Exploratory Concepts in Muscular Dystrophy and Related Disorders (Milhorat), *Ntinos C. Myrianthopoulos* 52

Return Migration to Puerto Rico (Hernandez Alvarez), *Charles Price* 53

Abnormal Sexual Development. A Genetic and Endocrine Approach to Differential Diagnosis (Federman), *Orlando J. Miller* 54

Handbook of Congenital Malformations (Rubin), *Arnold R. Kaplan* 55

Standardization of Procedures for the Study of Glucose-6-Phosphate Dehydrogenase (World Health Organization), *G. J. Brewer* 56

The Biologic Basis of Schizophrenia (Karlsson), *P. A. P. Moran* 56

Behavior-Genetic Analysis (Hirsch), *Jan H. Bruell* 57

The Future of Human Heredity: An Introduction to Eugenics in Modern Society (Osborn), *Mark H. Haller* 58

Contents

A Neuropsychiatric and Genetical Investigation of Acute Intermittent Porphyria (Wetterberg), *Geoffrey Dean* 59

Genetic and Allied Effects of Alkylating Agents (Loveless), *Linus Pauling* 61

La Fécondité des Populations Congolaises (Romaniuk), *Etienne van de Walle* 61

Periodical Abstracts

Genetics: *Gordon Allen* 64

Demography: *Jeanne Clare Ridley* 66

Volume 16 **June 1969** **No. 2**

Race, Ethnic Group, and Disease, *Albert Damon* 69

Inbreeding Patterns in Rural South India, *W. R. Centerwall, G. Savarinathan, L. R. Mohan, V. Booshanam, and M. Zachariah* 81

Demographic Analysis of Data on Illegitimate Births, *Joginder Kumar* 92

Annual Comparisons of Census and Selective Service Data, 1949–1968, *Jacob S. Siegel and Richard Irwin* 109

A Demographic Dilemma: The Parsis of Karachi, *Elizabeth B. Gustafson* 115

Brief Reports

A Methodological Note on Research Design, *Gordon Welty* 128

Communications

Third International Congress on Neuro-Genetics and Neuro-Ophthalmology 130

New Quarterly Publication of the International Planned Parenthood Federation 130

Book Reviews

Translocation in Human Chromosomes (Brøgger), *Kurt Hirschhorn* 131

Sex Education and the Teenager (Farber and Wilson), *James E. Moore* 132

Teenage Marriage and Divorce (Farber and Wilson), *David L. Englund* 133

The Study of Man (Clegg), *Stanley M. Garn* 134

Mild Mental Retardation: A Growing Challenge to the Physician (Group for the Advancement of Psychiatry), *Henry T. Lynch* 134

The Case for Legalized Abortion Now (Guttmacher), *Diana W. Warshay* 136

Heredity, Disease and Man: Genetics in Medicine (Emery), *Patricia E. Wren, Diane K. Juricek, and Arthur Falek* 137

Contents

Periodical Abstracts

Genetics: *Gordon Allen* 138
Demography: *Jeanne Clare Ridley* 140

Volume 16 September 1969 No. 3

Evolution of Genetic Structures of Small Populations, *Albert Jacquard* 143

Marital Stability as a Social Indicator, *Paul C. Glick* 158

Family Planning and the Reduction of Fertility and Illegitimacy: A Preliminary Report on a Rural Southern Program, *Joseph D. Beasley and Vestal W. Parrish, Jr.* 167

Deformed Nasal Septa and Relaxed Selection: II, *Richard H. Post* 179

A Further Query on Color Blindness and Natural Selection, *Avinoam Adam* 197

Color Blindness, Culture, and Selection, *Ajit Kisor Ray* 203

Genetic Implications of the Demography of Brazilian Juruna Indians, *Adélia E. De Oliveira and F. M. Salzano* 209

Communications

Correction of a Criticism of the *Handbook of Congenital Malformations*, *Arnold R. Kaplan* 216

Behavioral Genetics

Proposed Organization of an Association of Behavioral Genetics 217

Book Reviews

Man and Aggression (Ashley Montagu), *Edward V. Glanville* 218
Evolution and Human Behavior (Alland), *Robert Fuerst* 219
Genetics: Biology and Behavior Series (Glass), *R. Peter Johnson and Jerry Hirsch* 219
Genetic Mosaics and Other Essays (Stern), *Theodosius Dobzhansky* 221
Trends and Variations in Fertility in the United States (Kiser), *Carl Jay Bajema* 222
Lassen sich Mutationen verhüten? (Can Mutations Be Prevented?) (Lenz), *Bertha M. Aschner* 223
Topics in Population Genetics (Wallace), *P. A. Moran* 224
Clinical Genetics in Psychiatry. Problems in Nosological Classification (Mitsuda), *I. I. Gottesman* 225

Contents

Étude Démographique de la Nuptialité en Belgique (Wattelar and Wunsch), *Anatol Romaniuk* 226

Introduction to Demography (Spiegelman), *Dudley Kirk* 227

Genetic Diversity and Human Behavior (Spuhler), *L. Erlenmeyer-Kimling* 228

Annual Review of Genetics (Roman), *Edward V. Glanville* 230

Hereditary Factors in Carcinoma (Lynch), *Charles M. Woolf* 230

Mongolism (Wolstenholme and Porter), *Marco Fraccaro* 232

Periodical Abstracts

Genetics: *Gordon Allen* 234

Demography: *Jeanne Clare Ridley* 236

Volume 16 **December 1969** **No. 4**

Population Policy: Payments for Fertility Limitation in the United States? *Larry D. Barnett* 239

Effects of Birth Weight on Later Intelligence, *Sandra Scarr* 249

Population Differences in Tear Duct Size: Implications of Relaxed Selection, *R. H. Post* 257

Incidence of Congenital Malformations among Live Births in Salt Lake City, Utah, 1951–1961, *Charles M. Woolf and Judith A. Turner* 270

Mortality Differentials by Social Class and Smoking Habit, *Samuel H. Preston* 280

Brief Reports

Birth Weight and Mortality in Down's Syndrome Infants, *Andrew T. L. Chen, Allan J. Ebbin, Suzanne Schimpeler, Clark W. Heath, Jr., and Arthur Falek* 290

Communications

Lalor Foundation Research Awards 292

Behavioral Genetics

Proposed Organization of an Association of Behavioral Genetics 293

Contents

Book Reviews

Principles of Demography (Bogue), *T. R. Balakrishnan* 294

Recent Developments in Affective Disorders (Coppen and Walk), *I. I. Gottesman* 295

Infant Nutrition in the Subtropics and Tropics (Jelliffe), *William A. Stini* 297

Genetic Counselling. Third Report of the WHO Expert Committee on Human Genetics, *Gordon Allen* 298

The Double Helix: A Personal Account of the Discovery of the Structure of DNA (Watson), *Robert Fuerst* 299

The Living Stream: Evolution and Man (Hardy), *Carleton S. Coon* 300

WHO Expert Committee on Drug Dependence: Sixteenth Report, *Everette L. May* 301

Readings on Race (Garn), *M. F. Ashley Montagu* 302

Psychiatric Aspects of Criminology (Halleck and Bromberg), *Rudolf Kaelbling* 304

The Firstborn. Experiences of Eight American Families (Senn and Hartford), *Bertram J. Cohler* 304

The *Journal* caters for original papers, reviews, lectures, proceedings, and major book reviews coming within the common ground between the biological and the social sciences. Specifically, it will publish material dealing with social aspects of human biology, including reproduction and its control, gerontology, ecology, genetics, and applied psychology; with biological aspects of the social sciences, including sociology, social anthropology, education, and criminology; and with biosocial aspects of demography.

Journal of Biosocial Science is published in January, April, July, and October at 37*s* 6*d* per issue: the subscription price is 140*s* per annum ($30.00) post free. All subscriptions should be entered with the publishers, either direct or through a bookseller or subscription agent. Orders should be accompanied by the appropriate remittance.
